## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors of Humane Society of Westchester, Inc. New Rochelle, NY

#### Opinion

We have audited the accompanying financial statements of Humane Society of Westchester, Inc. (a nonprofit organization) which comprise of the statement of financial position as of October 31, 2023 and the related statement of activities and change in net assets, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Humane Society of Westchester, Inc., and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Humane Society of Westchester, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Humane Society of Westchester, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Humane Society of Westchester, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Humane Society of Westchester, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Report on Summarized Comparative Information**

We have previously audited Humane Society of Westchester, Inc. 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 20, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended October 31, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## Note 1 - Organization

Humane Society of Westchester, Inc. (the "Organization") was organized in 1911 as the New Rochelle Humane Society under the not for profit laws of New York, as well as being exempt under Section 501 (c) (3) of the Internal Revenue Code. The principal activity is animal control, rescue and adoption funded through municipal contracts and public donation.

## Note 2 - Summary of Significant Accounting Policies

#### Basis of Presentation

The financial statements are presented in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification. Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donorimposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:

<u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.

<u>Net assets with donor restrictions</u>: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Non-Profit Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

## Operating and Municipal Revenue and Receivables

The Organization's revenues from contracts with customers are recognized in accordance with Topic 606 and are comprised of clinic fees, adoption, contractual fees, retail sales and special event revenues. Revenue is recognized upon transfer of promised products or services to customers in an amount that reflects the consideration that is expected to be received in exchange for those services, described as follows:

- The Organization satisfies its performance obligations related to clinic, adoption, and retail sales upon performance of the related service by providing the professional services required, which generally occurs simultaneously with the billing or customer payment.
- The Organization has contracts with several municipalities in New York to provide animal control, sheltering, and other community services on a continual basis. Revenue for performance obligations satisfied over time is recognized as the services are provided. Receivables are due in full when billed and revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by the Organization in accordance with the contract. The performance obligations for these contracts are completed when the service is completed. The Organization determines the transaction price based on established contractual rates for services provided. At October 31, 2023 and 2022, the Organization had a contract liability of \$24,375 and \$0.

At October 31, 2023 and 2022, receivables related to contracts with customers were \$6,338 and \$88. The Organization expects all receivables to be fully collected, and as such, no allowance for doubtful accounts has been recognized.

## Note 2 - Summary of Significant Accounting Policies (continued)

### Contributions and Grants

Unconditional contributions and bequests are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets. The Organization expects all receivables at October 31, 2023 to be collected.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation.

#### Property and Equipment

Property and equipment are recorded at cost and are being depreciated using the straight-line method over the estimated useful lives of the assets ranging between 5 and 39 years. No asset impairments were noted at October 31, 2023, and 2022. The Organization capitalizes property and equipment with a cost basis of \$2,500 or higher and a useful life of greater than three years.

#### **Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## Tax Status

The Organization is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and has been designated as an organization which is not a private foundation.

The Organization has evaluated the recognition requirements for uncertain income tax positions as required by accounting principles generally accepted in the United States of America, with no cumulative effect adjustment required. Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. Accordingly, the Organization has not recorded any reserves, or related accruals for interest and penalties for uncertain income tax positions at October 31, 2023.

#### Cash and Cash Equivalents

For purposes of the Statements of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

## Note 2 - Summary of Significant Accounting Policies (continued)

Financial instruments, that potentially subject the Organization to concentrations of credit risk, consist of cash, and cash equivalents. The Organization's cash and cash equivalents are on deposit with several financial institutions. At times during the year such investments may be in excess of Federal Deposit Insurance Corporation (FDIC) limits.

#### **Expense Allocation**

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the prorated basis determined by Management. Administrative and general expenses include expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Method of		
Allocation		
Time and Effort		
Usage		
Usage		
Usage		
Direct		
Direct		
Direct		

#### **Compensated Absences**

Compensated absences for vacation and sick pay have not been accrued since the amount is immaterial but are expensed as incurred.

#### Fair Value Measurement

The Organization follows U.S. GAAP guidance on fair value measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist

#### Investments Valuation

Investments are composed of government obligations and equity securities, and are carried at fair values, which generally represents quoted market price as of the last business day of the fiscal year. Unrealized gains and losses are included in the change in net assets. Investment income and gains are reported as increases in unrestricted net assets in the reporting period in which the income and gains are recognized.

#### Advertising

The Organization uses advertising to promote its programs among the public it serves. Advertising costs are expensed as incurred. During the years ended October 31, 2023 and 2022, advertising costs totaled \$35 and \$1,679, respectively.

## Note 2 - Summary of Significant Accounting Policies (continued)

### Gifts in-kind

If the Organization receives in-kind contributions (see note 8), they are recorded as revenue and related expense when received. In-kind contributions, if any, are reported at their estimated fair value. In addition to contributed nonfinancial assets, volunteers contribute significant amounts of time to program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods, if any, are recorded at fair value at the date of donation.

#### Prior year summarized information

The accompanying financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (GAAP). Accordingly, such information should be read in conjunction with our audited financial statements for the year ended October 31, 2022, from which the summarized information was derived.

#### **Recent Pronouncements**

In February 2016, the Financial Accounting and Standards Board (FASB) issued ASU 2016-02, Leases (842). The new guidance requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and a lease liability on the statement of financial position at the date of lease commencement. The pattern of expense recognition in the statement of activities will depend on the lease's classification. For not-for-profit operations, the standard takes effect for years beginning after December 31, 2021. The Organization adopted this pronouncement effective November 1, 2022, however, there was no impact on its financial statements.

In September 2020, the Financial Accounting Standards Board issued ASU 2020-07, Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets, to clarify the presentation and disclosure of contributed nonfinancial assets, including land, buildings, and other items. The ASU does not change existing recognition and measurement requirements for contributed nonfinancial assets. The ASU is effective for annual reporting periods beginning after June 15, 2021, with early adoption permitted. The Organization adopted this pronouncement effective November 1, 2022.

## Note 3 - Property and Equipment

Property and equipment consist of the following as of October 31:

	2023	2022
Equipment and Vehicles	\$ 188,791	\$ 188,791
Building Improvements	4,300,860	4,143,561
Property and Equipment	\$ 4,489,651	\$4,332,352
Less: Accumulated Depreciation	(429,825)	(302,084)
Property and Equipment, Net	\$ 4,059,826	\$4,030,268

Depreciation expense for the years ended October 31, 2023 and 2022 were \$127,742 and \$175,602, respectively

#### Note 4 - Investments

The Organization applies GAAP for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 Quotes prices in markets that are not considered to be active or financial instruments for which all the significant inputs are observable, either directly, or indirectly.
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The following table sets forth by level, within the fair value hierarchy, the Organization's investment assets measured at fair value:

#### At October 31, 2023

Total Fair Value of Assets

	Fair Value Measurements at Reporting Date Using					
	Acti	ve markets for	Observable	Unobservable		
	Qu	oted prices in	Significant other	Significant

Bond Funds		560,350	-	-		
Money Market Funds		43,637	-	-		

785,502

\$

## Note 4 - Investments (continued)

Net investment return consisted of the following:

	2023	2022
Dividends and Interest	\$ 41,549	\$ 28,973
Realized and Unrealized Gain/Loss on Investments	7,586	(141,246)
Advisory Fees	(1,554)	-
Total	\$ 47,581	\$(112,273)

#### Note 5 – Liquidity

The Organization regularly monitors liquidity required to meet its general operating needs while also striving to maintain sufficient reserves to meet operating needs during periods of uncertainty and to assure longer term commitments will continue to be met. The Organization's strategy is to operate within a balanced budget that anticipates collecting sufficient revenue to cover general expenditures. Revenues available to meet general expenditures include all revenues, gains, and other support generated from ongoing operations, unless certain restrictions exist.

The following reflects the Organization's financial assets as of October 31, 2023, and 2022, reduced by amounts not available for general use within one year of the statement of financial date because of donor-imposed restrictions:

		2023	2022
Cash and Equivalents	\$	3,811,568	\$ 2,157,302
Investments		1,099,291	785,502
Receivables		121,452	19
Net financial assets available within one year		5,032,312	2,942,824
Less: Amounts not available for general expenditures			
Restrictions by donor with purpose restrictions		(95,000)	(60,000)
Financial assets available to meet general expenditures	3		
within one year	\$	4,937,312	\$ 2,882,824

## Note 6 – Government Grants

On November 9, 2022, New York State awarded the Organization a grant of \$115,114 to be used towards capital expenditures. In accordance with the program, expenditures must be submitted to New York State and approved for reimbursement. During the year ended October 31, 2023, the Organization submitted its claim for reimbursement and expects payment during 2024. All costs related to the renovation were capitalized and depreciated over its related useful life.

## Note 6 – Government Grants (continued)

On August 14, 2020, the Organization applied for and was awarded a State and Municipal Facilities Program ("SAM") Grant in the amount of \$250,000. The grant was to be used for renovations and expansions of its facility. The Organization received the payment on March 15, 2022 and expended all the fundings on its building renovation and expansion project, satisfying the SAM Grant requirements.

These grants are included in Government Grants on the Statement of Activities.

## Note 7 – Employee Retention Credit

The Organization became eligible for the Employee Retention Tax Credit ("ERTC") under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") of 2020, as modified by the Consolidated Appropriations Act of 2021 and the American Rescue Plan Act of 2021. For the year ended December 31, 2020, the ERTC provides a refundable tax credit against certain employment taxes of up to \$5,000 per employee. For the year ended December 31, 2021, the ERTC provides a refundable tax credit against certain employment taxes of up to \$5,000 per employee. For the year ended December 31, 2021, the ERTC provides a refundable tax credit against certain employment taxes of up to \$7,000 per employee for each of the first three quarters of 2021. During the year ended October 31, 2022, the Organization received \$207,271 in ERTC credits. This is included in Government Grants on the Statement of Activities.

## Note 8 – Leases and Contributed Non-Financial Asset

On October 24, 2014, Humane Society of Westchester, Inc. signed a twenty-year lease with the City of New Rochelle for the property at 70 Portman Road, New Rochelle, New York. The lease also includes an option to renew for an additional twenty years beyond the duration of the lease upon renewal in 2034. The fair value of the donated space is determined by the Organization based on the appropriate market value of rent for the space. The value is estimated using information provided to the Organization by the City of New Rochelle. During the years ended October 31, 2023 and 2022, contributed rent was recognized as \$109,966.

## Note 9 – Net Assets with Donor Restrictions

At October 31, 2023 and 2022, the Organization had \$95,000 and \$60,000 of net assets with Donor Restrictions. Of the \$95,000, \$60,000 is to be held in perpetuity until the Organization closes, with the remaining \$35,000 to be used towards the purchase of an animal transportation vehicle.

## Note 10 – Beneficial Interest in Trust

The Organization is named as a beneficiary in the Gwendolen Appleyard Trust Fund, which is maintained by third-party trustees. Members of the Organization's Board also are members of the Gwendolen Appleyard Trust Fund. These funds are held by a third party organization which has variance power over the funds and, accordingly, the Organization has not included its interest in these funds in the accompanying financial statements. The Organization will receive a portion of income or principal from these funds when certain conditions are met as stipulated in the fund agreements. During the years ended October 31, 2023 and 2022, the Organization received \$87,000 and 70,000, respectively.

#### Note 11 – Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. There was no effect on previously stated net assets.

#### Note 12 – Events

As part of its fundraising efforts, the Organization holds periodic events. Revenue for events are recognized in the period in which the event is held. Direct expenses associated with special events are netted against such revenue as follows:

	2023
Event Revenue	\$ 89,898
Event Direct Expenses	(39,867)
	\$ 50,031

## Note 13 – Subsequent Events

The Organization has evaluated subsequent events through January 1, 2024, which is the date the financial statements were available to be issued.
